Dear Mr. Downey:

Congratulations on your recent release from the hospitality of the State. I am gladdened to know that you are finally able to continue your excellent acting career, although I noticed that you still managed to make a movie or two whilst incarcerated.

I too have spent time in federal custody, and I know from painful personal experience, that it is a hell I would never want to repeat, even for a second... well, maybe for the meatloaf on Thursdays.

Do you have any acting projects in the works? Would you have any openings for a bodyguard? I am 6'6" 275 lbs. and have black belts in Judo and Karate. Okay, I realize that was a long-shot, but no harm in asking. Anyway, I wish you the best with the continuation of your career, and I'll be first in line at your next movie.

Take care,

Garth Johnson

P.S. Could you please send me an autographed picture? No mug shots, please.
