Dear Mr. Flynt:

I am writing to express my disgust at how much *Hustler*, and to a lesser extent, you yourself, have lamed out over the last few years. I understand that your legal hassles and other controversies may have made you somewhat gun-shy, but this is no excuse for becoming pedestrian and boring.

You may feel as though you have paid your dues and it is time for others to carry the flag, but to this I say BULLSHIT. You may be old, you may be disabled, and you may even just have turned into a tedious piece of shit, but its not too late. Look to the great examples set by the good people at *Screw*, *Cornhole* and *Shaved Snizz*, to say nothing about the whole internet thing. This is the cutting edge. We want more gaping beavers, with more things penetrating them. We want more pictures of Jerry Falwell being sodomized by a pig. You know... the kind of kind of stuff you used to excel at. It's your choice, you can continue being a washed up old has-been, or you can regrow some balls and start pissing people off again.

Fuck You,

Garth Johnson

P.S. Could you please send me an autographed picture of your ass?
