Dear MR JOHNSON,

Thank you for contacting Hasbro, Inc. We do appreciate the fact that you have taken the time to share your experience with us.

Hasbro Inc.'s number one concern is to make quality toys that are fun, safe and rewarding for all children. That's why we maintain extensive testing procedures during the development, production, assembly and packaging of all our toys. Please be assured that we have shared your comments with those who work closest with that aspect of our operation.

Again, thank you for contacting us.

Sincerely,

CONSUMER AFFAIRS DEPT.
