Dear Ms. Jackson:

Thank you for taking the time to read this letter. I have been a big fan of yours since you were in the Jackson 5. Who would have thought that such a funny looking little girl could have grown up to be such a beautiful woman. How is your career doing these days? I don't think I've heard much from you since your "Thriller" album, but that is probably because, unfortunately, after suffering a bad head injury in a skidoo accident, most of the latter part of the 1980's and early 1990's are, at best, sketchy to me. I had to undergo a lot of therapy during those years, and was able to teach myself to talk again by singing your ABC song. I thought you might like to know what a great help you were during some very dark times. It is my hope that things are going well for you and that you will have a new album out soon.

Please give my love to Donny and Marie as well. Without the three of you I would still be in my hospital bed having those nightmares.

Janet Jackson, she IS my girl...

Garth Johnson

P.S. Could you please send me an autographed picture of you for my collection?
