Dear Mr. Keane:

Well, now that the hockey season has finally started, I for one am very excited and optimistic. I am looking forward to yet another successful season for you and the Dallas Stars. Hopefully, even more successful than the last one.

I too am a Winnipeg boy, and have followed your career closely. I was fortunate enough to be living in Montreal when you were captain of the Canadiens, and boy, were those great years!!! Unfortunately, I have not yet been able to visit Dallas, but I am always happy to see you play on TV, and will hopefully be able to make a trip to Vancouver when you guys play there this year.

I coach my nephew, Tolan's, hockey team (The Esquimalt Lumber Stars), and I was wondering if you have any tips I could pass on to a group of 10 year olds regarding the meaning of "leadership". Your stellar performance, on so many successful teams, is an example I hold up high to the kids.

Best of Luck,

Garth Johnson

P.S. Could you please send me an autographed picture? It's not for me... it's for Tolan.
