Dear Mr. Rat Bastard Santa:

Fuck you! You emasculated little cat -masturbating fraud!

Now that it's nearly Christmas, I would like you to know, that I, for one, am laughing. I hope that you are repeatedly being sodomized by an endless train of syphilitic drooling elves, reindeer and gingerbread men from the pits of your worst imaginings. You are nothing. You deserve shit, and I hope that is exactly what you are served for breakfast every morning.

May you rot in ignominy forever. May your deeds be forgotten. May your name be synonymous with "worthless and weak", and may the children of the world rue the day that you were crapped out by the retarded whore who gave birth to you.

Suck the Ice Cold Cock of Satan,

Garth Johnson

P.S. Could you send me an autographed picture? I've run out of toilet paper.
